1. INTRODUCTION

- 1.1 In order to facilitate the efficient and effective operation of the Co-operative in matters relating to the finance and minimise risk in accordance with our Risk Management Policy, a series of financial controls have been established. This is also to ensure compliance with Standard 3 of the Scottish Housing Regulator ('SHR') Regulatory Standards of Governance and Financial Management.
- 1.2 These procedures incorporate basic elements of financial control which exist in most organisations as well as those which may be peculiar to this Co-operative.
- 1.3 It is in the interests of the organisation that these controls are made known and are adhered to by both staff and Committee members. All members of staff and Committee will be made aware of these controls and must comply with the same. Awareness of these controls will form part of the induction for new staff and Committee members.
- 1.4 These procedures shall be reviewed and updated as necessary on an annual basis by the Finance Agent in conjunction with the management team and any amendments shall be considered and approved by the Management Committee.
- 1.5 The Co-operative must ensure that, where records of a financial nature are kept outside the finance section, consultation is held with the Finance Agent and an agreement reached that ensures the way records are kept is appropriate for audit purposes.
- 1.6 In addition, consultation with the Finance Agent and Chief Executive and must take place for all transactions which have (or may have) a material financial effect, including any maintenance, purchase or leasing agreements.
- 1.7 It is essential that the Finance Agent and Chief Executive be notified immediately of any event which has, or may have, material financial implications for the Co-operative.
- 1.8 These procedures together with the Financial Regulations form part of the overall system of financial and management control and take account of the Scottish Housing Regulator's (SHR) Standards of Governance and Financial Management.
- 1.9 In the event of failure to follow agreed procedures, action may be taken against the offending individual(s) under the Co-operative's disciplinary procedures and/or Code of Conduct (for Governing Board Member and Staff Members).

2. BUDGET PROCESS

- 2.2 In preparing the budget statement, appropriate consultation and discussion with all sections of the organisation must take place and guidance from the Scottish Housing Regulator must be recognised and considered.
- 2.3 The budget setting process must allow adequate input from all sections within the Co-operative. The Finance Agent shall issue a formal and detailed budget information request in October of each financial year to budget holders. Budget holders have responsibility for co-ordinating the supply of information to the Finance Agent within agreed timescales.
- 2.4 Budget holders have been determined within the Financial Regulations. Budget holders are responsible for providing detailed information to inform the annual setting of budgets. They are also responsible for monitoring actual income and expenditure against their allocated budget codes and providing detailed information to the Finance Agent with regards any significant variances.

A current sample signatory list is held by Finance Officer.

A copy of all sample signatory forms issued to third parties must be retained by the Finance Officer.

Contracts requiring signature must be signed in line with delegated authority granted by the Management Committee at the appropriate meeting.

If the Finance Officer is preparing the BACS/Cheque payment run, they are unable to authorise those payments to ensure there is a clear segregation of duties.

BACS Signatories are referred to in Section 9.
